

# AXA drop ticket

a faster and more efficient way to submit Term business

**Introducing an easier way to submit Term life insurance applications to AXA: the Drop Ticket program.**

## What's New?

AXA announces the implementation of a Drop Ticket application submission process through CRL Plus (formerly Hooper Holmes). With this new option, Financial Professionals collect a minimal amount of client and product information, and CRL Plus completes the application by phone.

## Key Points

- Access Drop Ticket within e-Forms for Life with a subscription to iGO.
- Only Term (except TermOne) life insurance product applications can be submitted through this process.
- Term to term replacements can be submitted; other replacement transactions are not allowed.
- No special application or forms are required.
- EasyUnderwriting is not available at this time.
- Payment with application is not currently available.
- Drop Ticket and applications are completed, signed, and submitted electronically.

## The Benefits

Drop Ticket helps make the application process simple and easy. Take a look at some of the benefits of this program:

- **Increase the ease of doing business with AXA Equitable** — You, the Financial Professional, will no longer need to schedule or order any exams. Your efforts regarding data collection are minimized.
- **Decrease processing and approval time** — Complete, accurate client information is obtained in one sitting, without conducting follow-ups.
- **Elimination of redundancy** — With this new process, Proposed Insureds will need to respond only once to the tele-interviewer's medical and risk assessment questions – not multiple times to you, paramedical examiners, and other third-party interviewers.
